Cutting this flesh bowels as i start to eat piercing the
delicious cunt full with blood vaginal molestation
Anal luxury brutally raped body suffocation making
holes with my knife as you choke by my erection
Feeling so warm in your throat as i start to carve in your
cunt
Bloody feast, heretic pulsation repulsing memories,
peel the anal skin put my cock in the warm hole while
there
Is full of sores sliced score your body as i cum in your
mouth lancing the skin of the vagina bleeding skin
I adore i like the taste of your inside the tissue of the
flesh ripped from the bones.
