In the messy forest  
Metabolism of the wolf  
Mirage of reality  
When the chacal came into view  
Mining of clear power  
Reach manhood in pure steel  
It's thundering & lightning  
Beast's eyes flashed with anger  
Wolfero the chacal  
Walk by starlight  
Wolfero the chacal  
(call it misanthropist)  
A dreamlike physical build  
Piggish habits  
The fetim race  
The newcomer  
A new generation  
A new breed  
The newly weds  
Neoplasia  
The tooth painted with hunter's blood  
Entracing the hunger's look  
Equivalent in the book of strength  
Eradicate the soul of the land
