I pushed her tense face away from me  
I pushed her tense face away from me  
The hard smile the voice going on like a razor blade on  
glass  
All touch but no contact

It hit me like it hit me like  
It hit me like a slap  
All, all touch  
All tough and all touch and no contact  
Challenging eyes above the rim of a cocktail glass  
Hoping I'd react  
All touch and all touch and no contact

I pushed his hand away from me  
I pushed his hand away from me  
Splintering fragments of conversation  
Never got down to cold hard facts  
All touch but no contact

It stabbed me like it stabbed me like  
A knife in the back  
All, all touch  
All tough and all touch and no contact  
Tense my body for the final attack  
All, all touch  
All touch and all touch and no contact

I pushed her tense face away from me  
I pushed her tense face away from me  
The hard smile the voice going on like a razor blade on  
glass  
All touch but no contact

It hit me like it hit me like  
It hit me like a slap  
All, all touch  
All tough and all touch and no contact  
Challenging eyes above the rim of a cocktail glass  
Hoping I'd react  
All touch and all touch and no contact

It stabbed me like it stabbed me like  
A knife in the back  
All, all touch  
All tough and all touch and no contact  
Tense my body for the final attack  
All, all touch  
All touch and all touch and no contact
