

Dark Moor "Devil In The Tower"

Visit "[Devil In The Tower](#)" on MotoLyrics.com

Hidden in the silence of your room
he whispers lies that will bring your doom
the Devil
he walks with his hoofs of goatish male
chaining the men to the egoism jail
the Devil

choir

for black magic power
high, majestic tower
fills your heart of ire
promises of desire
for black magic power
high, majestic tower
fills your mind

bridge

a beam falls down from a clean sky
bringing ruin to you, my friend

chorus

the bells chime, Devil in the tower
looks over his column at the human fall
no more time, Devil in the tower
and ever in your mind you feel his call
two men are falling down
the souls cry and the toms (?)
will be your crown
the sceptre in my left hand
I ever reign in the material land
you will red the book of truth
then you will feel madness

screaming form your truth
humanity enemy
I am the guardian of the mystery

bridge

chorus

in the nightfall
you will be a thrall
of his evil lies
cruel nightmare
like black prayer
full of scorn and vice
the end of the balance
is your defeat
while you dance the Devil's suite
climb the tower
it's the hour
dream the reality
out your flesh husks
in the soul dusk
come your agony
you're falling down
so falls the mask
it's time to answer and ask

choir

silence in the room (bis)
the Devil lies in the nightfall (bis)
Devil in the tower (bis)

choir

bringing ruin to you, my friend

chorus

hidden in the silence of your room
he whispers lies that will bring your doom
the Devil
