Stopped in the crossroads of my life
wrapped in the world of eternal strife
I'm looking for the meaning of the universe
searching in myself melody
to drive me to the harmony
I'm hung from my right ankle
but I can see the truth

bridge

the secret of the alchemy
rests in my crossed leg dark mystery
what is the price of my soul's crack?
that one which ties my hands in my back

chorus

in my way to the knowledge
I chose the road of sacrifice
I will be fey of secret things
I'll see the other paradise
I'm head-down

since life began
the hanged man
the time drowns
smiles Satan
the hanged man
it's the time to understand
why my clock stop the sand?
my will is the only force
that governs my fate
no religions, no beliefs
if I read the overleaf
of the life book just than
I will see the god's face

bridge

chorus

choir

since life began
the hanged man
is seeing head-down
how the time drowns
what is the price of my soul's crack?
that one which ties my hands
in my back

chorus
