I am just here
I was before
Locked in a cell, madness came and tore
I look the gear
Begins to turn
And now I will know what I must learn
Creatures around
Hung to the wheel
Evil and goodness breaking their deal
And they surround
Waiting their time
To change in my soul who am I

[Bridge]
Through the times runs the wheel
In it's essence there's bad luck and weal
I'm in eternal quest
Of the balance on which the world rests

[Chorus]
I live in to the wheel, life like a sigh
And thus fortune turns forever
Inside I'm born, inside I die
My life happens fast whoever

I saw the sphinx
Over the wheel
She showed me all that I can feel
So I can think
To find my way
And can forget yesterday

[Bridge]
Through the times runs the wheel
In it's essence there's bad luck and weal
I'm in eternal quest
Of the balance on which the world rests

[Chorus]
I live in to the wheel, life like a sigh
And thus fortune turns forever
Inside I'm born, inside I die

My life happens fast whoever

[Chorus]

In to the wheel, life like a sigh

And thus fortune turns forever

Inside I'm born, inside I die

My life happens fast whoever
