Got to grab a pen and paper  
Got to write a tiny note to you  
I can't get you out of my system  
There's something very difficult about you

It's possible  
When I get that feeling  
It so revealing  
It's possible  
When you're givin' that look  
I just wanna oh-oh-oh!

People tell me all the wrong things  
People tell me I don't have a clue  
There's something in the air  
I just know it!  
Like patches on the skin it stick like glue

It's possible  
When I get that feeling  
It so revealing  
It's possible  
When you're givin' that look  
I just wanna oh-oh-oh!

The sound of your heartbeat  
Promise so much  
The sound of your heartbeat  
Promise so much

Do do do do do do do do

Got to write a tiny note to you

Do do do do do do do do

There's something very difficult about you

It's possible  
When I get that feeling  
It so revealing  
It's possible

When you're givin' that look  
I just wanna oh-oh-oh!

When I get that feeling  
It so revealing  
It's possible  
When you're givin' that look  
I just wanna oh-oh-oh!

I just wanna oh-oh-oh!

I just wanna oh-oh-oh!
