Love is all  
Love is all around you  
Love is there in your laughter  
In your hair  
Love flows everywhere

Love is old  
Love is older than you  
But the light shining through  
Makes me see  
Your love is all new

Hey  
Sha la la  
Shine a light  
Shine on me  
Shine your light on me  
Sha la la  
Shine your light on me

Love is all  
Love will always be the law  
And higher love radiates on us all  
On us all

Hey  
Sha la la  
Shine a light  
Shine on me  
Shine your light on me  
(Shine your light on me)  
Sha la la  
Shine your light on me  
Shine

Hey  
Sha la la  
Shine a light  
Shine on me  
Shine your light on me  
(Shine your light on me)  
Sha la la

Shine your light on me  
Shine

Love is all  
Love is all  
Love is all  
Love is all

Love is all  
Love is all  
Love is all  
Love is all

Love is all  
Love is all  
Love is all  
Shine

Shine, shine your light  
(Shine your light)  
Shine your light on me  
(Shine your light on me)  
Shine, shine your light  
(Shine your light)  
Shine on me, on me

Shine, shine your light  
Shine on me, on me  
(Keep on, keep on, shine on me)  
Shine, shine your light  
Shine on me, on me

Shine, shine your light  
(Shine your light)  
(Shine your light on me)  
Shine your light on me  
Shine, shine your light  
Shine on me, on me

Shine, shine your light  
(Shine your light)  
Shine your light on me  
(Shine your light)  
Shine your light
