breathe some faith into my chest
lay me down, i need the rest
ever since the sky turned grey
iÂ´ve waited for the perfekt day
hey now - it seems, youÂ´ve always
touched me like the sun

thereÂ´s no escape for the broken-hearted
thereÂ´s no return once
youÂ´ve lost your way
i say a prayer now our loveÂ´s departed
that youÂ´ll come back to stay
and bring the perfekt day

blinded by a crazy light
i fell into the darkest night
those magic ties
the two of us
i couldnÂ´t see it turn to dust
hey now - it seems youÂ´ve always
reached me like the sun

thereÂ´s no escape for the broken-hearted,
thereÂ´s no return
once youÂ´ve lost your way
i say a prayer now your loveÂ´s departed
that youÂ´ll come back to stay
bring back the perfekt day

hey now it seems youÂ´ve always
reached me like the sun

thereÂ´s no escape for the broken-hearted
thereÂ´s no return
once youÂ´ve lost your way
i say a prayer now your loveÂ´s departed
that youÂ´ll come back to stay
bring back the perek day
