We grew up together
We've been here forever
Barefoot in the summer
Cold in stormy weather

She told me all there is
Like magic can love
Lotsa forgotten words
Lotsa forgotten words

But now
She doesn't live here anymore
She's off and she's gone
She doesn't live here anymore

I'm sorry that's all, there is to it
I'm sorry that's all

She dressed just like a painter
A female street Picasso
Now I will remember, yeah yeah
The Heaven in her laughter

And the scent of her sweet perfume
When we made love
Under an August moon
Under an August moon

But now
She doesn't live here anymore
She's gone since long
She doesn't live here anymore

I'm sorry that's all, there is to it
I'm sorry that's all, I'm sorry

But now
She doesn't live here anymore
She's off and she's gone
She doesn't live here anymore

She's gone since long, so long

She doesn't live here anymore
She took off in a car, oh yeah
She doesn't live here anymore

I'm sorry that's all, there is to it
I'm sorry that's all, that's all

She doesn't live here, bye bye

Live here anymore
Live here anymore
Live here anymore
