"Starting At The Ground"

I'm staring at the ground
I'm bloodless, thrown away from the sun
What's lost cannot be found
I can't return your tears
If I ever live to be a thousand years I'm staring at the
ground
I never wished you a broken heart
Coincidence put you down
He won't withdraw those tears
If you ever lived to be a thousand years What do I have
to say to make you stay?

What do I have to do to make you happy I'm staring at
the ground
I wish I could bring the spring to your door
To the coldest side of town
I carry your wounded dreams
Like the devil's deeds in the pocket of my jeans What
do I have to say to make you stay?
What do I have to do to make you happy?
