Tonight we're all alone
and there's no one around
Yeah I'm waiting for the train
Hey I'm wasted on the sun again
Take away the time
No one inside

Face just another face
standing in my place
Labeled by a name yeah
Well I watch the music change

I waste enemies
and they will work for free
Give me the lies
I don't know why
Get get get me out

All right yeah

Face just another face
Standing in my place
Labeled by a name yeah
Yeah I watch the music change

Face just another face
Standing in my place
Labeled by a name yeah
watch the music
Watch the music play

Pick it up yeah
Pick it up yeah

Get back jack, yeah give me a dollar
Oh Yeah I'm waiting on Amy Flowers
Yeah well She'll make me feel better than you
Shift away and step into the night

Dazed just another face
Standing on the stage
Labeled by a name yeah

Well I watch the music change

Just another face
Standing on my space
Labeled by a name yeah
Well I watch the music change

Just another fake.
