Nice to see you nice to see you here
Don't you know that we are hollow?
Do you know? Do you know how we feel?
Well you're going to know tomorrow

Everybody's wasted, Everybody's waiting
Everybody's wasted, Everybody's waiting

If you want to stay in the dark dust seed
Well you got know just what you need
Everybody stays, but they want to flee
But they don't know what's going on.

Nice to see you nice to see you're fake my dear
Well you know that we are hollow
And this place, we all like it here
If we could, we'd stay forever.

Everybody's wasted, Everybody's waiting
Everybody's wasted, Everybody's waiting

If you want to stay in the dark dust scene
Well you got know just what you need
Everybody stays, they want to please
But they don't know what's going on.

If you want to stay in the dark dust scene
Well you got know just what you need
Everybody stays, they want to please
But they don't know what's going on.

Everybody's wasted, Everybody's waiting
Everybody's wasted, Everybody's waiting
Everybody's wasted, Everybody's waiting
Everybody's wasted, Everybody's waiting
