Carolyn let me tell you what I heard bout a man today  
He didn't come home from work and he went away  
Till he came to a city bright in a night time like day  
There they say he met up with some women dressed in  
yellow and scarlet  
Their warm lips like a honeycomb dripped with honey  
And something about the smell of strange perfume  
Made him feel warm and not alone.

Yes Carolyn. a man will do that sometimes on his own  
And sometimes when he's lonely  
And I believe a man might do that sometimes out of  
spite  
But Carolyn a man will do that always  
When he's treated bad at home.
