cant explain all the feelings  
that you're making me feel  
my heart's in over drive and  
you're behind the sterial wheel  
touching you, touching me,  
touching you cause you touched your blues  
i believe in a thing called love  
just listen to the rythm of my heart  
theres a chance we can make it now  
we'll be rockin till the sun goes down  
i believe in a thing called love

i wanna kiss you every minute every hour everyday  
you got me in a spin but everything is a ok
