We had a good thing, it was a blast
That was a long time in the past
You went through changes and I walked away
And I have regretted that to this day

I may not always have quite so much hair
But what you saw in me
Will hopefully always be there
And I'll never hurt you again, I swear

So put your arms around me
Your dinner lady arms
Put your arms around me
Your dinner lady arms

I couldn't figure out
where you'd figure I'd go
Thought that I could live without you baby
I was so wrong

Put your arms around me
Your dinner lady arms
Your dinner lady arms

Forgive and forget I caused you pain
And find it in your heart to start again
I may not ever be your Mr. Right
But I'm happy to be your mister that will do for tonight
I'll never let you out of my sight

So put your arms around me
Your dinner lady arms
Put your arms around me
Put your, your dinner lady arms

I couldn't figure out
where you'd figure I'd go
Thought that I could live without you baby
I was so wrong

Put your arms around me
Your dinner lady arms

I may be light years
Passed on a summers day
But it's what we are forgetting
It's not too late

Put your arms around me
Your dinner lady arms
