"Fade Out (Street Spirit)"

Rows of houses all bearing down on me
I can feel their blue hands touching me
All these things into positions
All these things will one day take control

And fade out again and fade out

This machine will, will not communicate these thoughts
And the strain I am under
Be a world child form a circle before we all.... go under

And fade out again and fade out again

Cracked eggs dead birds
Scream as they fight for life
I can feel death can see it's beady eyes
All these things into position
All these things we'll one day swallow whole

And fade out again and fade out again.

Immerse your soul in love
Immerse your soul in love
