How can I explain this feeling?  
Something's coming over me  
Could it be that all the birds  
Are singing to me?

Wonderful to know this feeling  
Wondering what it could be  
Seems to me that all the world  
Knows something's coming over me

Hard to conceive  
But I do believe  
It's what I've been dreaming of  
Could it possibly

Be happening to me?  
It's gotta be love

Funny, what a lovely feeling  
This is turning out to be  
I took one look and I have to agree  
It's plain to see  
That something's coming over me

Wonderful to know this feeling  
Wondering what it could be  
Darling, it's great  
And make no mistake  
My love, it's true  
That same something's coming over you
