Huh, This go out to my dog Kato, rest in piece baby

Dogs that I call my friends
Praying for all my friends
Things I do for my friends
We miss you! A'YO KATO!

[Verse One: DMX]

Started off two dogs with the same goal (uh!)
Nothing but two dogs walkin' the same road (uh!)
Two different cultures, but had the same heart (yeah)
Enjoyed seeing the light, but lived in the dark
5th Avenue, bumped heads in the parking lot (aight)
Was a quite brother, didn't like to bark a lot
Came direct (uh), when he came, gave respect
so I gave respect, (uh) we shared the same respect
To name regret, in our own circles
Two brothers with good hearts, but if you start
Two brothers that'll hurt you (yeah)
Know how that dirt do, Hittin four corners
(arf, arf, arf, ARF) Right back upon us
God tried to warn us, but sometimes we don't see
When I first heard I'm like "THIS CAN'T BE!
Y'all niggaz is bugging
Got the wrong information or something
Please tell me these niggaz is frontin'"
God know..

[Chorus]

Dogs that I call my friends
Praying for all my friends
Things I do for my friends
(we miss you, Kato)
We miss you! A'YO KATO!
Dogs that I call my friends
(we miss you, Kato)
Praying for all my friends
Things I do for my friends
(we miss you, Kato)
We miss you! A'YO KATO!]

[Verse Two: DMX]

A'yo K' let me kick it wid you for a minute
There was things left unsaid, dog, we wasn't finished
Never got to say THANKYOU for being a friend
DOGS FOR LIFE, and you...rode to the end
Held dog down, didn't let a day go by
Everytime dog came the the shy
I was good, trips our to Phoenix, with the scrambler
squad
Now I come back to Phoenix and like "damn it's hard"
To accept the fact, that you won't be coming back
But I hope you coming back, 'cos I won't accept the fact
When you came to New York, you had to come to the
crib
And vice-versa, (yeah!), thats just how we did
Remote control cars, (WHAT!), we would rac all day
It was adventure, we would chase our day! (yeah!)
So I'm not gonna say goodbye my nigga
Instead I would rather
Focus on the time we spent together, that's what
matters

[Chorus]

[Verse Three: DMX]

Need you to save me a spot, next to you and the lord
(aight)
Don't know when I'm coming, but keep checking the
door (aight)
But while I'm here, knock on wood
I'll make sure that your kids remember who their father
was
And Val is good, (aight!) understood how real niggaz
move
We don't part, but ya gonna always have family in New
York
Believe that (yeah!), where you at, you can see that
We dogs for life and to death and I mean that!

[Chorus] - 2X

[DMX]

Yo, 'Where The Hood At' is banging right now, man
That was your favourite choice, ya know what I mean?

[Magic & Val] We miss you, Kato

[DMX]

It's going just like we thought it would baby

[Magic & Val] We miss you, Kato

[DMX] Aight

[Magic & Val] We miss you, Kato!

[Val] I'll always love you K'
