I know they don't think that I'll amount to much  
But your love has given me the magic touch  
Just put your faith in me and strange as it may seem

I will build a dream for you  
Big as I can dream

I know that they want the best things for you  
That is just what I have planned  
If they only knew

There's no mountain that's too high  
I can ford any stream, for your love I can be  
Big as I can dream

There's no mountain that's too high  
I can ford any stream, for your love I can be  
Big as I can dream, big as I can dream, big as I can  
dream.
