Working all day And the sun don't shine
Trying to get by And I'm just killing time
I feel the rain Fall the whole night through
Far away from you California Blue

California Blue Dreaming all alone
Nothing else to do California Blue
Everyday I pray I'll be on my way
Saving love for you California Blue

One sunny day, I'll get back again
Somehow, someday But I don't know when
California Blue California Blue

Living my life With you on my mind
Thinking of things That I left far behind
It's been so long Doing all I can do
To get back to you California Blue

California Blue Dreaming all alone
Nothing else to do California Blue
Everyday I pray I'll be on my way
Saving love for you California Blue

One sunny day I'll get back again
Somehow, someday But I don't know when
California Blue California Blue

Still missing you California Blue
Still missing you California Blue
Still missing you California Blue
