Sittin' around minding my business when in walked an
old friend
Such a sight for sore eyes I hadn't seen him since I
don't know when
We talked about the crazy things we used to do
And talk loud around about old lovers talk out around
to you

And I'd like to hold a reunion for the class of '55
I'd like to see my old friends and how many have
survived
Get a rock and roll band and do some dancin'
Talk about the good times and all of the chances we
blew

What would you do if you knew you never left my heart
What would you do if you knew that you're still tearing
me apart
How would you feel if you knew my love for you is still
alive
Livin' in my heart since the class of '55

We'll get a rock and roll band and do some dancin'
Talk about the good times and all of the chances we
blew

What would you do if you knew you never left my heart
What would you do if you knew that you're still tearing
me apart
How would you feel if you knew my love for you is still
alive
Livin' in my heart since the class of '55

Lets get a rock and roll band and do us some dancin'
Talk about the good times and all of the chances we
blew
And my losing you
