Hooked on the touch of your hand  
High on how you understand  
Lost when you whispered, "Hello"  
Something in your eyes said, "Don't go"

I just had to stay, couldn't go away from you  
You knew what to do to get me  
Hung up on you, hung up on you  
Hung up on you, hung up on you

You knew, the first time we met  
That I could never forget  
You held me so close to you  
I could never get over you

You were so aware how  
To make me care and keep me  
Hung up on you, hung up on you  
Hung up on you, hung up on you

Yeah, you got me where you wanted me  
I am where I really want to be  
Hung up, hung up, hung up on you

I'm so hung up on you that I don't know  
What I would do without you  
Oh, it will take me forever to get enough of you  
And I can't help it  
If I'm hung up on you, hung up on you  
Hung up on you, baby, hung up on you

Hung up on you, hung up on you  
Hung up on you, hung up on you  
Hung up on you, hung up on you
