(orbison-melson)

Conway twitty also did a version of this with roy singing background vocals

Im in a blue blue mood  
Now that you're gone away  
Im in a blue blue mood  
Its been a lonesome day  
Im in a blue blue mood  
I miss your caress  
I reach out to hold you  
But you're not there  
Its just my blue blue mood.

Maybe, someday, yeah love will come  
And stay, and things will turn  
How bright, oh oh oh but for tonight  
Im in a blue blue mood.

Im in a blue blue mood  
Im in a blue blue mood  
Im in a blue blue mood.
