I've been loving you since you were sweet 16  
Good lookin' woman Jerry Lee ever seen  
C'mon girl you got my heart a really jamming  
Go ahead and keep my mother humping motor running  
Lets go why don't you put it on the floor  
Woman you really got me humming keep my motor  
running

I got fuel injections Jerry Lee's got front wheels  
I've got completed systems on this time  
you'll really love the feel  
Satin sheets crawl up and down my lovely bed  
If you lift the pillow you can lay your lovely head

lets go, whooooo, put it on the floor  
really got me humming, keep my motor running

Oh go Rock and roll baby  
????????????????????  
let me go, I got mother humping on the floor  
yeah, you really got ol' killer humming  
why don't you keep my motor running
