Orbison/melson

Suddenly, my heart stood still
Suddenly, the sight of you gave me a thrill
Suddenly

Suddenly, I see you everywhere
Suddenly, all at once I seem to care for you
Suddenly

So suddenly I found you
To think you were near all the time
I've often been around you
I don't know how I could have been so blind

Suddenly, my world is new
Suddenly, suddenly there's only you
Suddenly

So suddenly I found you
To think you were near all the time
I've often been around you
I don't know how I could have been so blind

Suddenly, suddenly you're my dream come true
Suddenly, suddenly there's only you
So suddenly
