Sugar and honey is what I cry for
Sugar and honey is what I'd die for
And darlin' doll, you make my life worthwhile
Because I want you, sugar and honey

Sugar and honey keep me goin'
Sugar and honey, I been a knowin'
Well, every time your lovin' lips meet mine
You know I want you, sugar and honey

A little bit of sugar, a whole lotta honey is alright
Sugar and honey mornin', noon and night
Give me sugar and honey anytime

Sugar and honey is what I live for
Sugar and honey for the flavor
Every little bitty thing you do
Just makes me love you, sugar and honey

A little bit of sugar, a whole lotta honey is alright
Sugar and honey, mornin', noon and night
Yeah, sugar and honey anytime
Oh, sugar and honey all the time
I need sugar and honey anytime
