You took all your possessions the day you disappeared
There's nothing to remind me that you were ever here
So why can't I forget you, find someone else and just
move on
Why do I keep looking for you when I know you're gone

Out of sight and on my mind
Your memory's always with me
Like a shadow in the night
That I can't leave behind
Got a feeling that these fears
Ain't never gonna die
And you're gonna stay forever
Out of sight and on my mind

Haven't asked our friends about you I don't call you on
the phone
I never drive by that new place that you're now callin'
home
'Cause, baby, you're the last one that I should wanna
see
But I still turn each corner hoping you'll run into me

Out of sight and on my mind
Your memory's always with me
Like a shadow in the night
That I can't leave behind
Got a feeling that these fears
Ain't never gonna die
And you're gonna stay forever
Out of sight and on my mind
