When the sun is bright and the boardwalk's hot  
You got your headphone pumping as you make a stop  
At the corner store to meet a couple friends

So you get washed up and you hit the show  
And you give respect to all the people you know  
And in your heart, it's where you're meant to be

And the feeling never goes away  
Cause I know my friends are here to stay  
And just to know that makes me feel okay  
And I know that they feel as I do  
Cause I'd walk the extra mile  
To make things stay this way

Cause when you're stuck in a spot  
Where you know it ain't a lot  
You gotta let the pressure drop  
And a drop, and a drop  
With friends like these, it's all I'll ever need  
Hit the rocksteady beat and my life is complete

With your money running short  
And your blood on the street  
We're gonna cure all ills  
With a dancehall beat  
You better let the pressure drop  
Drop, drop, drop  
You better let the pressure drop
