We're tied up too tight, let the pressure out  
Sit down and let yourself unwind  
Too tight, today's behind and tomorrow is  
One more drink away

You've been making assumptions and false claims  
Accusing everyone of not pulling their weight  
Well, wait a minute sir, we're all just part of the game  
Just a pawn in the mix, they'll never listen to what you  
say  
Can you hear me? We ain't got nothing to prove  
It's the root of the evil, it's the fact and the truth  
So listen up man, cause I can't listen to you  
I'm gonna set me straight, but you keep talking

You are telling me it's not that bad

Back down, cause I can't hear a word you say now  
It all disappeared when you started screaming so loud  
Down to the ground is where you're driving us now  
Just a train with the weight of the world on himself  
So stop, and take a breathe man, don't let it go to your  
head  
You're becoming what you hated and you can't  
understand  
We're you're headed or where it all began  
Well, I can tell you where it's ending, unless you  
change
