F/ Prodigal

[Chorus x2: Prodigal]

Where do we go from here?

We got to show and prove that we have no fear

I once saw a wise man she'd some tears

He said "where do we go from here?"

[Hook: Prodigal]

Life is what you make it

The world is what you make it

[Prodigal]

Yeah, yo

I saw blood in the eyes of many, plenty die for semi-
automatics

Through the rain of traumatic, static, situation ending
tragic

Bullets through the flesh of his addict, left his son a the
bastard

Baby mother cries traumatic as tears flood the casket

Another victim of a block war, ceremony

Caught up in the wrong territory, holy matrimony

Watchin the world, as it spins in disaster

Though the wicked laughter, we dominate another
chapter

Composed by the words of Allah, Jah Rastafar

Speaker of intelligent tongues that's who we are

Shining stars on the essence of hu-man

R's revolve, vivid like the pyramids on the surface of
Mars

Street economy, the deaf, dumb and blind honor me

Honesty and loyalty, royalty makes up the family

Loyalty, royalty makes up the family

Loyalty, royalty makes up the family

[Hook]

Family jewels

Family values

As the sun rises, heat rays strikes delight geysers
Vision makes me see all snakes through their
disguises
Who's the wisest? You'll be under, we'll be
overstanding
The four devils don't exist in our cipher
I'm after Fika, free from dumb, true enlighter
Knowledge provider, my limitation is above water
These are the days of the last quarter
Staying in tune, observing all aspects of life
Intelligent minds building electrical powerlines
Magnetic attracts metal made of steel
Disconnect the internet, burn corporate seals
Gods your shield, when we fight against Satan
Allah U Akbar, time for revelations
I bomb nations who deal with paganism
False teaching, we here to civilize a whole region
Writin exact, my brain contains inner, outer tissues
While you be popping pistols, we be launching nuclear
missles
Crimson Tide, we react like Denzel
Murder verses creating more bars than in jail
Creating more bars than in jail

[Chorus x2]
