I'm still debating Maserati or Mercedes Benz
And relocating out in Beverly Hills
And I'm still waiting on the money that they promised
me
The million dollars that will cover the bills

You know,

But I'm still looking out the same old window
Waiting for something that may never come my way
No complications let's just keep it simple
Flip the switch and rescue me

Is this what I really wanted?
Running for my sanity
This is what I really wanted?
No!
Lock me up and toss the key
Get a straightjacket for me

I think I'll hire my closest friends to be my entourage
When no one else does they can say they love me
They'll throw the parties only letting in the biggest stars
The rock and roll dream that you see on TV
Oh yeah,

I'm tired of looking out the same old window
Waiting for something that may never come my way
No complications let's just keep it simple
Flip the switch and rescue me

Is this what I really wanted?
Running for my sanity
If this is what I really wanted
No!
Lock me up and toss the key
Get a straightjacket for me

Is this what I really wanted?
Running for my sanity
If this is what I really wanted

No!
Lock me up and toss the key
Get a straightjacket for me

Electroshock Therapy
Get a straightjacket for me
