I can't believe,
You'd think it was me
That I'd be capable of this,
That there's a demon in me

What can I expect,
From someone so far away
Taking your second hand stories
Pointing fingers at me

All in glass houses,
Throwing stones in the door
Now it's all a lie
Yes it's all a lie

Place your blame oh
Clear my name, it's not me

Good come and take!
Take it from me!
I don't need it!
To take it from me!
Good come and take!
Take it from me!
I don't need your sympathy

Your passing judgement,
With your gaveling hand.
You'll hand me down your sentence,
When the jurries not in
You can't be too careful,
About who you condemn
Cause I'm Innocent
Yes I'm Innocent

Place your blame oh
Ruin my name, it's not me

Good come and take!
Take it from me!
I don't need it!

To take it from me!
Good come and take!
Take it from me!
I don't need your sympathy

Lost on the first ones
Lost on the first since
I lost the one perfect thing I've created

And now you're haunted
The answer wasn't what you wanted
I'm proven not guilty
Now who's feeling sorry
(who's feeling sorry)

[x2]
Good come and take!
Take it from me!
I don't need it!
To take it from me!
Good come and take!
Take it from me!
I don't need your sympathy

I don't need your sympathy [x2]
