She's gonna say she's got a boyfriend
Or she ain't got time for them
And he's gonna fall off his feet
But he's gonna play it like he don't care
And wonder when she ain't there
Just who could this fuckin' dude be

Roll on, roll on, roll on from bed to bed (2X)

Chorus:

He got a girl named Crush
But she don't like it that much
He's always out looking for love
And he'll call her up when he gets drunk
But he ain't too proud to beg
'Cause baby always brings the good stuff
She don't really like it that much
But he got a girl named Crush

She's gonna say she couldn't make it
Just to see how he will take it
She wants him to say something true
But he's getting tired of her games now
He can see she got it bad now
And he don't want her to love him back too

Roll on, roll on, roll on from bed to bed (2X)

Chorus:

She got a boy named Crush
But she don't like it that much
She's always out looking for love
And she'll call him up when she gets drunk
But he ain't too proud to beg
'Cause baby always brings the good stuff
She don't really like it that much
But she got a boy named Crush

She's gonna say she's got a boyfriend
Or she ain't got time for them
And I'm gonna fall off my feet
