Save my soul, she's so fresh
I want her to fall for me instead
But she hangs out with my friend
I don't think they're serious just yet
And I ain't got time for my friends anyway

Chorus:

We could take my car and drive until it feels like love
(2x)

This for sure, I can see
He don't treat her right, no, not like me
She's all I need, for sure
Don't need my friends no more

Chorus:

We could take my car and drive until it feels like love
(2x)

She's all I need, for sure
Don't need my friends
I'll make some more again

I started falling for what a score she be
She was the Dixie cup lover, always up in my teeth
She was the Kool aid sippin' girl with a smile so sweet
Had me thinking to self, 'what she want with he'
She woke me up around 6 in the morning once
She was just coming from a dream where she could not
punch
And everything was moving slow, kinda heavy and
such
She said her favorite breakfast hero was Captain
Crunch

Chorus:

We could take my car and drive until it feels like love
(2x)

You said you wanna be free, you gotta be with me
Down south where nobody cares about we (2x)
