I had this woman that was good for me
She never left me out alone in the street
I think about her every now and then
I tend to wonder 'bout what could have been
I keep on hoping that tomorrow might be
A little better than these days have been
Maybe my baby will come back to me
I wonder if she ever thinks about me

Chorus:

I used to love her, but now I don't
Don't really care much anymore
I hope she's happier with him
And maybe one day we'll be friends
It doesn't matter anymore

I keep on waiting for the sun to shine
I keep on dreaming 'bout that time she was mine
We used to make love in the pool next door
She made me do things I ain't done before

(Chorus)

I got this picture of her smiling at me
I wish that we were like we used to be
I miss the way she'd act so silly in bed
To make me laugh when I was feeling some stress

(Chorus)
