She has a way of making me do anything she says  
I get weak, I go crazy for the way she breathes  
Down my neck, saying please don't call me your  
girlfriend  
Not tonight, let's pretend we're strangers for awhile

Chorus:

She was cheap, I was cheap  
She was waiting for me in the backseat  
She was cool, I was cool  
She was waiting for me in the bathroom  
Oh, oh, oh

She knows just how to get me so hot I can't come down  
We don't stop, we don't drown our lust with love that  
much

(chorus)

Oh, oh, oh

(chorus)
