I won't let you rain on my parade
I won't let your sunshine fade away
I won't let your street light say "stop"
Baby, you're the one that I got

I won't let this loose love fade fast
I won't let you forget that I asked
I won't let you turn and run like this
Baby, you're the one that I miss
Baby you're the one (3x)

Chorus:

Me and this girl got love in the back
Got something to talk about, but we're holdin' back (2x)

I won't let the dew drops drag ya down
I won't let the pain build by the pound
I won't let you bring another brother 'round
Baby, you're the one that I found

I won't let the streets get in your way
I won't let you not hear what I say
I won't ever let one tear drop
Baby, you're the one that I want
Baby, you're the one (3x)

(Chorus)

Freeze, don't move, give me all you got (4x)
Little bird up in the sky, why, why, why

(Chorus)
