What you've got to say

I don't want to hear

Unless that thing you say

Is how you need me here

I know I've rolled around

I didn't treat you right

You said you've played the clown

But you're the queen tonight

Chorus:

Don't say we're breakin' up

Cause I can't believe we're not makin' up

It's so small

We got a papercut

That's got you feelin' like

Maybe we're not meant to be no more

Can't we just make love

If only one last time

You said you've had enough

I want to change your mind

I know I've rolled around

But baby, how I've grown

It hurts to let you down

So baby, please don't go

(Chorus)

Listen here, let me clear my throat

I was good to you, don't rock my boat

Maybe we could take this next step slow

But if you don't wanna, baby, just say so

Permanently, got me goin' insane

Why would you ever wanna fuck with fate

I was down for love, but you stole my cape

I thought Wonder Woman wouldn't act that way

(Chorus)
