Baby, I'll be loving you long after the rain  
Has washed away your memory and watered down the  
pain  
I know that I've been playing in the streets a little late  
I've done some foolish shit, I know I've made a few  
mistakes

But I don't wanna be your Yesterday Man  
Baby, could you let me back in

I'm so lonely  
Not only when you leave me, Oh Oh  
I'm so lonely

The street's a little colder when you're all up on my  
mind  
I can't keep on pretending that I'm truly satisfied  
I'm not a fucking rock, you know, I feel these troubles  
too  
So don't keep on playing like it's all about you

Cause I don't wanna be your Yesterday man  
Baby, could you let me back in

I'm so lonely  
Not only when you leave me, Oh Oh  
I'm so lonely (2X)

Hush, we can't keep living this way  
We were supposed to be mad lovers, not just tricks of  
the trade  
I'm in a rage, but I can't let my feelings show  
There's more to life than falling hard and waking up all  
alone, ya know?  
You used to let me know life wasn't hard  
Now I'm scared by the lies that's been told to my heart  
Cause life ain't nothing but a birth and a death  
And I'm stuck in the middle, still struggling for breath

I'm so lonely  
Not only when you leave me, Oh Oh  
I'm so lonely (2X)
