Do you know I'm watching your colours keep flashing
I look through your eyes
Grey is for waiting not knowing
You're going to be by my side
Red is for warning and blue is the colour
And yellow is love
Black is the colour of night
When you're lying with me

Are you ready to fly
Can you leave the world behind, baby baby
Are you ready to fly
Together we'll reach for the sky

When I hear you calling me
My heart is jumping and I want you so much
This rainbow emotion is starting to thrill me
I feel good inside
Kaleidoscope spinning as you start to touch me
We're purple and gold
We live in the focus of love
And we're drifting away

Are you ready to fly
And leave the world behind, baby baby
Are you ready to fly
Together we'll reach for the sky

Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly

Oh you know I'm watching your colours keep flashing
I look through your eyes
Grey is for waiting not knowing
You'll be by my side

And red is for warning and blue is my feeling
Black is the colour of the night
When you're lying with me

Are you ready to fly
And leave the world behind, baby baby
Are you ready to fly
Together we'll reach for the sky

Are you ready to fly oh yeah ooh
Are you ready
Are you ready
Are you ready
Are you ready
Are you ready tell me
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly
Are you ready to fly

Fly with me oh I
Are you ready to fly
Can you leave the world behind
Are you ready to fly
