The kingdom was far away  
Down by the sea  
Where mountains come out of the sky  
All the kids laughing and playing around  
When fire burned down the horizon

Now all the forgotten are standing in line  
They missed the train to the high lands  
Where rivers of green under skies of blue  
Still keep the secrets of freedom

Mountains come out of the sky  
And they are standing there  
Rivers of green floating down to become  
The source of freedom  
When they had their windows  
Wide waiting for the rain  
Watching TV, waiting for a day to come

Do the leaves of green stay greener  
Than in autumn  
Bringing out visions  
Of long forgotten yesterdays  
Living our life like flowers in concrete  
The sun doesn't shine anymore  
So come on and open the door  
Revealing the dreams  
Dreamed once on this place

Mountains come out of the sky  
And they are standing there  
Rivers of green floating down to become  
The source of freedom  
When they had their windows  
Wide waiting for the rain  
Watching TV, waiting for the day to come
