Two weeks without a single word
Walking through the churchyard
You'll find the way out on your own
We still don't reach each other
And when the leaves start falling down
They cover every trace of you
I never chose to be around
There is no redemption

Damn we never had a chance
Please say goodbye when you leave me
Wreck my life
Don't tell me why!

Should I stay
When I feel the rain is falling down
Why should I stay
When I feel you're not the only one

You set me drifting once again
Must have been a thing you said
I always tried to be the way
You tried to see me

Now that the final tear has been shed
Don't say goodbye and deceive me
Wreck ma life
Don't tell me why!

Sure I wish I'd never lied
Bring me back where all began
Sure I wish that I'd been right
To say goodbye to go
