"Test Of Time"

It's the test of time
That I failed to find
It's the lack of mind
That dragged me behind
Opportunity flew by me
Like a Mac truck on a highway
Gonna fly my way up to the top
And that knock on my front door
Rand through the corridor
Echoed and echoed
And it stopped

Yes I will breathe...
'Till I lise my breath
Yes I will try...
'Till I go down with the rest
Yes I will give...
'Till they learn to expect
Breathe and I'll try
And I'll give like the rest

It's the test of time
That I failed to find
It's the lack of mind
That I failed to climb
Opportunity flew by me
Like a Mac truck on a highway
Gonna hitchhike my way to the top
And that rock on my front door
Rand through the corridor
Rolled and it rolled
And it stopped
