"Why Wait?"

Visit "[Why Wait?](#)" on MotoLyrics.com

growing old, and living for
the moment, you're
searching for something
you cannot find, the truth inside
will reveal all, that you're living for

Thinking all is gone? It's Gone

why wait for you to come home?
why search for answers to nothing?
dont come back crying for help
why wait for life to come?

growing old, and living for
the moment, you're
searching for something
you cannot find, the truth inside
will reveal all, that you're living for

Thinking all is gone? It's Gone

why wait for you to come home?
why search for answers to nothing?
dont come back crying for help
why wait for life to come?

think back, shocking, believe, it's me

why wait for you to come home?
why search for answers to nothing?
dont come back crying for help
why wait for life to come?
