Fell on bad, fell on bad days
All your wicked, all your wicked ways
Left me cold
Left me cold

All your dark, all your dark hair
Weave for me, weaved a cold snare
Left me hung
Left me hung

I know it's there but I still can't see
Feel my veins disappear
Virgin skin & raven hair
all the devils, devils rear

On the west, on the west wind
I hear your voice
Still it's tempting
Like a siren
Like a siren

I know it's there but I still can't see
Feel my veins disappear
virgin skin & raven hair
all the devil, devils rear

Doesn't feel so bad now
Doesn't feel so bad now

It doesn't feel so bad now
It doesn't feel so bad now
