Haiti had a little bit of a earthquake.  
Everyone calm down, we don't even live there. (We live here.)  
Oh my God it's a earthquake, check your butt for  
butthole AIDS.

Haiti needs some hamburgers and a milkshake.  
Can you spare 10 bucks? Come on give it to 'em.  
Cause they had a bad earthquake, need some band-  
aids and corn flakes.

Cause they been wasting the last 500 years in their  
underwear playing in  
The sand. (no clothes)  
We said put some clothes on, they was like "No", now a  
earthquake took  
Their ass out. (so sad)  
We gave them a little bit food and kidnapped a quarter  
million kids.  
Y'all come with us, don't be scared it's cool.  
You won't never see your parents again. (they're dead)

(You know)  
Now I'm thinking while we over there  
(We should)  
Lay down a couple states.  
(Yessir)  
Y'all just wait 'till I'm president, I'm gonna run shit a  
whole new way.

Yeah  
Germans they're lesbians and have AIDS, listen up  
everyone I ain't playin'  
Witchu.  
Are we done fighting Germany? Are we done with  
Germany?  
No, Germans seem to really like starting shit but it's  
cool cause it's not  
Like they ever win  
"But we did kick France's ass! "  
Yes you did, but who did not?

Okay Germans started up World War I then they was  
like "Whoops my bad! "  
We said it's okay then a couple years later, they start a  
world war again.  
They killed like a million Jews and then they killed  
another five million.  
I think we should take them all to school and just blow  
they ass up right  
Now!

Fuck y'all  
Find More lyrics at  
"Nein please don't blow us up! "  
Get fucked  
"But it was only a game! "  
Y'all suck  
"But we won't do it anymore! "  
You'll never eat a weinerschnitzel again!

Yeah  
Spanish people sound like they should be brown, but  
you go to Spain and  
Everyone is white.  
We should make them change their name or we could  
send them Mexicans.  
(Yeah)  
Norway doesn't really do anything, we can't really trust  
them I don't  
Think.  
Scottish people talk funny, Irish people swing from  
trees.

When I'm president, we gonna carpet bomb some  
French cities, and because  
They all speak French, we gonna also bomb Quebec.  
(oui oui)  
And if Korean boy wanna mess with me, then I'm a  
nuke his ass and say  
"Ninja please"!  
And if they keep fuckin' round in the middle east, they  
just mad cause  
Their mamas are Lesbaneses.  
(Then)  
I'm gonna bomb everyone whose name ends with  
"istan".  
(Cause they all stupid)  
I'm gonna blow up China cause they eat little dogs.

Haiti had a little bit of a earthquake.

here.)

Hey man at least they didn't get raped. Wait what?  
(whisper) Oh, they did?  
Oh, well then. Someone should give them money.
