"Defined By Age"

The gap between young and old
Exists because it's what we're told
The older generation or the youth of today
Views and actions defined by age
Defined by age - Defined by age

The complacency of middle age
False dignity, moral outrage
Is just the same as the teenage rebel pose
Another source of money making
Exploitation - manipulation
A gap is nothing, an empty space
In your mind defined by age
Fill the space - Defined by age
Fill the space - Defined by age
