Hairy flesh impinges from all directions,
sommambulistic ramble around the room huddle in a
corner, giant pink fleshly worm wolf's head round the
door, dark petalled sensitive plants scuttle over
carpets, black statuettes animate square heads
firestokers, skewer me in flame, paradise lost dore
aient no rowboat, nightgaunt nightgaunt, hellish barb
bifid, nightgaunt nightgaunt, impossible bat wings,
nightgaunt nightgaunt, they took my father today
1697, nightgaunt nightgaunt, but science foils our
phobias, nightgaunt nightgaunt, noiseles faceless for
faces frighten neighbours, nightgaunt
nightgaunt, bloated sommambulitic shoggoths plash,
nightgaunt nightgaunt, hpl paraphrased ad nauseum,
nightgaunt nightgaunt, obscene clutch indigestion?
gripe? cancer! nightgaunt nightgaunt, recurrent
nightmare of death, nightgaunts nightgaunts,
epistolarian oneupmanship/soliloquy-lecture, hallo
sonny! i suppose you know...
