You hope to see diamonds and roses in a paradise  
filled with pleasure  
You hope to meet God in the hereafter pouring wine  
into your goblet of greed

Once virgins but now corrupted  
Whores you are now at the harem of untruth  
Without flesh and bones you seek to gratify your  
senses?  
Irrational and absurd!!!!

Slavery to the preying whore  
Your sanity scarified at the scared altar  
Must they forefit their sanity for the promise of  
paradise?

The blind fail to see it but the wise ones never miss it  
The impermanence of pleasure eludes their minds  
Fools they are, and they never learn!

Slavery to the preying whore  
Your sanity scarified at the scared altar  
Must they forefit their sanity for the promise of  
paradise?
